- Ladies Limited ❑
- Men's Inclusive ❑
- Men's Limited ❑
- Combined ❑

to my current Class of hairdressers registration which is: _____

My registration number is _____

Signature ……

Date ……

Information to Applicant:

Your application to Add a Class of Registration to your current registration will be presented to the Board for approval at its next meeting. You will then be invited to undertake a practical examination to demonstrate you have the hairdressing skills required in that Class. Please note that in some cases, eg if you only have a 'Limited' class of registration, you may be required to sit and pass a theory examination before doing your practical assessment.

Practical assessments are usually held on the first Monday evening of any given month. Where the Monday is a Public Holiday, the assessment is usually held on the next evening, ie Tuesday. An invoice to do the practical assessment will be sent to you after the Board meeting. You must pay the booking fee to secure your place for an assessment as bookings are made on a "first come first serve" basis. Cancellations within 2 weeks of the examination date will incur a cancellation fee.

Please enclose photocopies of any further education/training which may support your request to add a class to your hairdresser's registration**.**
